18-1003 Bereavement Professional Chat Box Transcript

Cathy Genthner: Hi, we have a monthly grief group that has very little attendance. Is there a website, or resource list where I can find out different ways to help people grieve, art therapy, yoga, etc.?

LuDeanna Lawrence: What do you find is a great way to track those phone calls 3-4 months down the line? I sometimes use our list for our 2-month letter or a log, but do you find easier ways? The follow up call after the 1st phone call...to just check in.
